Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the **Specification**:

On Page 1, in the Continuing Data, after

"08/328,673, filed October 25, 1994, now" delete the word "pending" and substitute --U.S. Patent 6,210,939--.

The above amendment was necessary to update the Continuing Data.

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

Applicants claim benefit to application 08/233,777 in the Declaration; however, applicants do not claim benefit for this application in the Continuing Data. Also, if benefit is claimed for the 08/233,777 application, the chain of continuity is broken because the 08/233,777 application was abandoned prior to the filing date of the

Art Unit: 1636

08/328,673 application. Applicants need to submit a supplemental Declaration deleting the priority claim for the 08/233,777 application.
